MINUTES

City of Plymouth
Urban Forest and Flower Committee
March 18, 2026

Members Present: Mike Wolfington, Jim Marquardt, Steve Listenberger, Jodie Overmyer, Cameron Arnold, Bob Yoder. Absent: Mike Hite, Debbie Palmer Also in attendance: Lindsey Spaulding, Mayor Listenberger

Approval of minutes from February 17 – Jim M motioned to approve the minutes from the last meeting, Cameron seconded the motion. The motion passed unanimously.

OLD BUSINESS

Fall Tree Planting – Cameron put protection on the trees from last fall. We should have approximately $5000 for trees this fall. The trees will be installed this year with volunteers, discussion followed about possibilities. Lindse suggested talking to Marian College School of Agriculture.

Downtown Planters – There was a nice press release about the spring planters from the Mayor. Planting will take place early in May. Official letters will be sent out to the merchants to tell them about the new program.

NEW BUSINESS

Mayor Robert is going to swear Lindsey Spauling in as a new member of the committee after Luke submitted his resignation due for health reasons. She will stop by his office. The committee would like to purchase a plaque to give to Luke to thank him for his years of valuable service to the committee. The committee will have an Arbor Day proclamation and tree planting, Robert can do that with Cameron at Centennial Park. Lindsey said that she can purchase tree(s) through her business.

Lindsey had questions about the program that Culver was involved in for their tree planting. The Resilient Indiana program through IU will be doing that, Plymouth had opted out due to the lack of time to supervise/oversee the student that would be working in Plymouth to determine tree locations etc.

With no further business, Cameron made a motion to adjourn, seconded by Jim M. Meeting adjourned at 2:40 pm. Next meeting is April 15, 2026. Minutes by Jodie Overmyer.
