Jodie came back and placed signage in most of the planters with a QR code to take people to the SWCD website where information could be found about the plants that were installed and why.

NEW BUSINESS

Mike W. has been in touch with Nancy Felde about delivering the plaque to Luke.

Cameron reported on the Earth Day event, he was able to show attendees how to plant trees with different methods, whether they are in bare root form, potted or balled and burlapped.

Lindsey did reach out to the group about the locusts but they haven't been able to respond yet during the busy spring season. She expects to hear back soon.
