REGULAR SESSION, BOARD OF PUBLIC WORKS AND SAFETY, May 26, 2026

The Board of Public Works and Safety of Plymouth, Indiana, met in Regular Session at 6:00 p.m. on May 26, 2026. The meeting was held in the Council Chambers on the second floor of the City Building, 124 N. Michigan St., Plymouth, Indiana.

Mayor Robert Listenberger called the meeting to order. Listenberger presided for Board members Duane Culp, Don Ecker Jr., Shiloh Milner, and Dave Morrow, who were physically present. City Attorney Jeff Houin and Clerk-Treasurer Lynn Gorski were also present. The public was able to see and hear the meeting through Zoom and streamed live at https://www.youtube.com/@CityofPlymouth.

Board members Morrow and Milner moved and seconded to approve the minutes of the regular session of the Board of Public Works and Safety meeting of May 11, 2026. The motion carried.

Utility Superintendent Donnie Davidson stated he had an update on the Red Rock Inn. He explained that the water meter was tested on May 19th by M.E. Simpson and found to be within American Waterworks Standards, so it was accurate, yet it still appeared to be leaking. He stated that the other item he had was that the Water Department would be conducting our annual flushing of the city water mains, which could cause temporary pressure fluctuations and some discoloration in your drinking water. He explained that if the water becomes discolored, please run the cold water for approximately 5 to 10 minutes, and if it continues, call the Water Department at 574-936-2543. He stated that the main flushing would begin Monday morning, and we anticipate it to last about three weeks.

Police Chief John Weir stated there was a pursuit last month where a squad car was totaled, and insurance reached out today with an amount for reimbursement. He stated they would reimburse $26,459.41 for a 2023 Dodge Durango that was just shy of 50,000 miles. He explained that he had already spoken to Oliver Ford about getting another hybrid at the same price as the three we received earlier this year. He stated that they responded that they found three at a different lot. He stated that with it being under $50,000, he would not have to put this out to bid.

Ecker asked if this would meet all the specs that we had been getting.

Weir replied that it would, but it probably wouldn't have ballistic doors, as most dealers won't stock ones with ballistic doors. He stated he would make this one his vehicle, and the one he received this week, he would put back on the road with officers in it for patrol.

Ecker asked if we had the funds to make up for the difference.

Weir replied that he did in his equipment.

Culp asked if there was any equipment that needed to be replaced.

Weir replied that the cage and light bar would need to be replaced because it was a Dodge Durango; it would not fit onto a Ford Explorer. He stated that other than that, everything was pulled out of it by the Street Department.

Mayor Listenberger asked how soon we could get the new vehicle.

Weir replied he was checking on that, but Oliver Ford couldn't pull anything until he had a purchase order. He stated that he was told it would be a couple of weeks to do a transfer from another dealership.

Culp asked how much it would cost.

Weir replied that it would probably be around $20,000 of his budget because the last ones came in at $46,000, and that was with the $3,000 ballistic door option.

Ecker asked how the officer who was involved was.

Weir replied that he was fine and only sprained his wrist when the airbag hit him.

Park Superintendent Mike Hite stated that our community pool would open on June 1st. He wished to shout out to Dave Cooper, who worked his magic on it, because year after year, we're putting band aids on it. He stated that Cooper was able to get it ready for another year, which was good for the community and us.

Clerk-Treasurer Gorski presented a street closure request for multiple Downtown Events.

Board members Ecker and Milner moved and seconded to approve the request as presented. The motion carried.
